INDUSTRIAL INSULATION

INSULATING WORLD SAVING ENERGY

Hitech Insulation is a trusted name in industrial insulation, providing comprehensive insulation contracting services.

OUR SERVICES:

- ✓ Thermal Insulation
- ✓ Cold Insulation
- ✓ Acoustic Insulation
- ✓ Sound Proofing
- ✓ Roofing Insulation
- ✓ Vibration Insulation

INNOVATING INDUSTRIAL EFFICIENCY

ABOUT US

The journey of Hitech Insulation began with the vision of our founder, Mr. Raghunath Patil, who once worked in a sugar factory in his village. Driven by a passion for entrepreneurship and a desire to make a difference in the industrial world, he left his job and village behind to establish Hitech Insulation.

OUR MISSION

Over the years, Hitech Insulation has grown into a leading industrial insulation contractor, trusted by major industries across the nation. With a focus on innovation and customer satisfaction, we have built a reputation for delivering cutting-edge solutions that meet the growing demands of modern industries.

DRIVING INNOVATION, DELIVERING EXCELLENCE

At Hitech Insulation, we take pride in the successful completion of a wide range of industrial projects, from small-scale operations to large manufacturing facilities. Some of our most notable projects include:

**THERMAL
INSULATION
FOR POWER
PLANT**

**CRYOGENIC
INSULATION FOR
CHEMICAL
FACTORY**

**INSULATION
FOR DEF FOOD
PROCESSING
FACILITY**

Our projects span various industries, including power generation, chemical processing, food and beverage, pharmaceuticals, and more. We are committed to delivering results that exceed expectations, ensuring your facility operates efficiently and safely.

PRODUCT LIST

COMPREHENSIVE INSULATION SOLUTIONS TAILORED TO YOUR NEEDS

1

ALUMINIUM SHEET

Aluminum sheet are widely used in fabricating metal Insulation jacketing. Aluminum is light weight, flexible to fabricate easily at site and has good resistance to corrosion. Apart from this Aluminum have many characteristics due to which it is commonly used as a insulation jacketing metal.

2

ROCKWOOL LRB

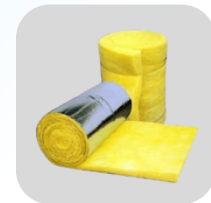

Rockwool mattre ss is lightly resin bonded mineral fibers faced one side with hexagonal galvaniz ed or stainless steel wire netting . It is a flexible material having firm structure reinforced due to wire mesh. It is non - combustible in nature.

3

FIBER GLASSWOOL

Fiber glass Insulation Roll is a compressible insulation material consisting of fibers high temperature binder. It contains many small pockets of air between the glass fibers, and these small air pockets result in high thermal and acoustic insulation properties. We are manufacturing Fiber Glasswool.

4

MINERAL WOOL

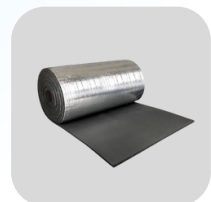

Mineral wool, also known as rock wool or stone wool, is an efficient and durable insulation material crafted from natural stone and recycled materials. Known for its superior thermal and acoustic properties, mineral wool is widely used in industrial, commercial, and residential applications to enhance energy efficiency and provide soundproofing.

5

ARMAFLEX

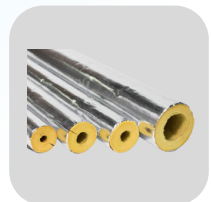

ArmaFlex is a premium, flexible, closed-cell foam insulation material widely used for thermal insulation and condensation control. Manufactured by Armacell, ArmaFlex is renowned for its versatility, durability, and excellent performance in HVAC, plumbing, refrigeration, and industrial applications.

6

COLD INSULATION

Cold insulation is a specialized type of insulation designed to prevent heat gain and maintain low temperatures in systems operating below ambient temperature. Essential for applications like refrigeration, cryogenics, and chilled water systems, cold insulation helps prevent condensation, maintain energy efficiency, and protect equipment from thermal stress.

Customer Testimonials

We partnered with Hitech Insulation for a complete insulation overhaul, and the results are phenomenal. Our facility is now much more energy-efficient, and the team provided excellent support every step of the way.

Hitech Insulation's expertise really shows in their work. The quality and durability of the insulation they installed have made a significant impact on our energy costs and overall operational efficiency. Highly recommended!

The team at Hitech Insulation was professional, timely, and attentive to all our needs. They customized the insulation to suit our facility perfectly, and we couldn't be happier with the results.

We've worked with many contractors, but Hitech Insulation stands out. Their commitment to quality and safety is unmatched, and we were impressed by their thorough approach to insulation installation.

Our project had tight deadlines, and Hitech Insulation delivered on time with exceptional quality. The insulation is performing beautifully, and our facility is noticeably quieter and more efficient.

Choosing Hitech Insulation was one of the best decisions for our company. They provided tailored solutions that have improved our productivity and reduced maintenance costs. Fantastic experience!

ISO CERTIFICATION

CERTIFIED FOR EXCELLENCE AND QUALITY

At Hitech Insulation, quality and safety are at the forefront of everything we do. We are proud to hold ISO certification, ensuring that all our insulation services meet the highest international standards. Our commitment to quality management, environmental responsibility, and workplace safety is reflected in our ISO certification, which sets us apart as a trusted contractor in the industrial insulation sector.

These certifications are a testament to our dedication to delivering superior insulation services while maintaining a safe and sustainable working environment.
